## Summary

Hardworking, ready to utilize my skills and passion to further broaden my knowledge in (but not limited to) Software Engineering. I am technologically adept and willing to bring forth a positive frame of mind with motivation to learn from and with others.

## Experience

### Information Technology Intern

Turkcell

Jun 2022 - Aug 2022 (3 months)

Assisted in the development of features and functionalities for the mobile app.

Collaborated with the development team to write, test, and debug code and with designers to understand the app's design principles and the overall user experience. I also learned to create documentation related to the mobile app, including code documentation, requirements, etc.

### Full Stack Engineer

Bizcotap

Oct 2023 - Present (5 months)

I create and style using React to build dynamic and responsive user interfaces, and JavaScript for interactivity as well as Node.js for the backend. I also work with databases such as MySQL and MongoDB while using version control systems like Git to manage and track changes in the codebase.

### Web Application Developer

Freelancer.com

Jun 2023 - Present (9 months)

## Education

### Eastern Mediterranean University

Bachelor's degree, Software Engineering

2019 - 2023

## Licenses & Certifications

### Certified Information Systems Auditor (CISA) - Master of Project Academy

cert\_h0djxnI2

### Back End Development and APIs - freeCodeCamp

## Skills

Application Programming Interfaces (API) • Node.js • MongoDB • Mongoose ODM • Express.js •  
Front-End Development • Back-End Web Development • Information Technology • Auditing • Agile  
Methodologies

## Honors & Awards

### **Honor Student** - Eastern Mediterranean University

Jan 2020

3.25 CGPA

### **Certificate of achievement** - mindluster
